

THE MYCOLOGICAL ASSOCIATION OF WASHINGTON, DC

K-12 Educational Resources

Name _____

School _____

Grade you teach _____

Email _____

Phone _____

This funding provides for one mushroom grow kit for a classroom. Resources for teaching about fungi include the lessons available through the North American Mycological Association at <https://namyco.org/education.php>

To apply to receive a mushroom grow kit, please share with us a statement of one page or less describing your experience with mycology, how you'll use the grow kit and if applicable, NAMA educational resource, in your classroom (e.g. as a stand-alone lesson or part of a larger learning unit), and why your school/class is awesome.

Email this form, filled out, along with your statement to scholarships@mawdc.org
